*GEORGE R.*

**W**HEREAS We have found it expedient and necessary to appoint a Barrack-Master General to Our Forces, and to vest in him certain Powers, as described in a Warrant, under our Sign Manual, and countersigned by Our Secretary at War, bearing Date the 30th Day of May last: And whereas, We had formerly, before such an Appointment became necessary, granted, by Our Warrant of 22d December 1761,

B

to

to Our Board of Ordnance certain Powers, which are now requisite to be exercised under the Appointment of Barrack Master-General:

OUR WILL AND PLEASURE therefore is, that, for the Purpose of enforcing and preserving a regular and uniform System in all Matters relative to the Government of Barracks, and of marking out the Line between the two Departments, Our Warrants of 22d of *December*, 1761, and 30th of *May*, 1794, aforesaid, be hereby revoked and annulled, and that the following Rules, Orders, Powers, and Directions, be established in Lieu thereof, in as much as regards the Duties of the Department intrusted to the Barrack Master General to Our Forces:

1. All Barracks, not in fortified Places, shall be erected and kept in repair by the Barrack-Master General to Our Forces; and all Supplies of Barrack

rack-Furniture, Utenfils, and other Stores for Our Troops, are to be furnished by him. And, We are pleased to direct and order, that the Accommodation for Our Royal Artillery in Barracks shall be under the Direction of the Barrack Master General, excepting at *Woolwich*, or wherever there may be a separate Barrack for the Artillery, or a fixed station for that Corps.

2. Our Board of Ordnance shall erect all Barracks in fortified Places ; and the same, when finished, shall be delivered, for the Use of Our Forces, to Our Barrack-Master General, who shall, after such Delivery, be responsible for the Repair and Preservation thereof, the Barracks for Our Royal Artillery at *Woolwich*, or wherever there may be a separate Barrack for the Artillery, or a fixed Station for that Corps, excepted.

3. The Officers commanding in the said Barracks, and the Barrack-Masters,

B 2

shall,

shall, in all Matters relative to the Accommodation, Disposition, and Supply of the Troops stationed therein, be under the Direction of the Barrack-Master General, to whom all Applications and Requisitions are to be made.

4. Every Barrack-Master shall, upon Notice from the Barrack-Master General, or on Production of the Route by which Troops are ordered to march, attend the Arrival of such Regiment or Detachment as shall be ordered to quarter in any Barrack within his District; and having, with the Commanding Officer, or with such Officer as he shall appoint, viewed the Condition of the said Barrack, and of every Room and Part thereof, and of the Furniture and Utensils thereto belonging, shall deliver the same to such Officer, with an Inventory under his Hand, stating the particular Condition thereof: two Copies of which Inventory shall be signed by the Commanding

manding Officer and be returned to the Barrack-Master; one of which he shall forthwith transmit to the Barrack-Master General. And, from the Time of such Delivery, the Commanding Officer shall stand charged with the said Barrack-Furniture, and Utensils, according to the Inventory, until such Regiment, or Detachment, shall be relieved, or ordered away; and the like Method shall be observed by both Officers and Barrack-Masters, upon every Relief, or Removal. And, after Delivery made, and Receipts taken, the Barrack-Masters shall not exchange any Articles, unless it be certified by the Commanding Officer, that the said Articles have been rendered useless by fair Wear. Those Certificates to be transmitted with the Barrack-Master's Accounts, as also Receipts for the subsequent Delivery.

5. Each Barrack-Master shall make frequent Inspections of the Barracks under

his Care, and of the Appurtenances, and report the State thereof to the Barrack-Master General ; and the said Barrack-Master shall, in Conjunction with the Commanding Officer, or such Person as he shall appoint, once in every Month, make a minute Inspection thereof ; and also at the Time when any Regiment, or Detachment, shall be removed ; and if, upon such Inspection, it shall be found, that, after every Allowance is made for Wear and Tear, further Damage has been done to the Buildings, or any Part thereof, or that any of the Furniture, or Utensils, have been injured, destroyed, or embezzled, the Barrack-Master shall then form a just Estimate of the Expence of making good the Damage ; an Account whereof he shall transmit to the Barrack-Master General ; and for the Amount of which he shall make Application to the Commanding Officer ; and if his Demand be  
not

not immediately paid, it shall be verified by Affidavit of the said Barrack-Master, and returned to the Barrack-Master General, who shall transmit a Copy thereof to the Officer concerned, and shall require his immediate Answer thereto. And if, upon such Answer being received, it shall still appear, that Injury has been done to the Buildings or Furniture, the Barrack-Master General shall certify the Amount of the Expence of making good the said Injury to our Secretary at War, in order that he may direct the same to be charged against the Regiment, or Detachment, concerned. But in case Inspection shall not have been made in due Time, or the Demand shall not have been brought by the Barrack-Master immediately after Inspection, the Damage shall be made good by himself.

6. AND WE do hereby direct and require the Commanding Officer of each Regiment, or Detachment, to give strict Orders to the Officers and Soldiers under his Command to be particularly careful, that the Rooms, Stair-Cases, Galleries, Beds, Bedding, and Utensils, be kept sweet and clean, and not to permit or suffer any of the Non-Commissioned Officers or Soldiers to make use of any of the Sheeting for Table Linen, Towels, &c. or of any of the Blankets or Rugs for ironing on; or to apply any of the Bedding, or Utensils, to any other Purpose than they were originally intended for; and upon no Account to suffer Coals to be wetted on the Floors of boarded Rooms, or allow the Soldiers to wash their Arms therein; or permit any Alterations to be made in the Barrack-Rooms, by removing the Bedsteads therefrom, or by nailing Posts to them, or otherwise, whereby they may be injured

injured or loosened in the Joints, or by fixing up Shelves, Racks, Hooks, Boards, or driving Nails in the Walls, whereby the Plastering may be destroyed. And, for the better preventing such Abuses, the Commanding Officer shall appoint a Subaltern Officer to visit each Room every Day, and to report, whether any Infringement be made on this Order. Nor shall any Officer, on any Pretence whatsoever, attempt to make any Alteration in any Room or Office, or convert them to any Purpose, except such as they were intended for in the original Plan of the Barracks; and, to the end that there may not be any Mistake hereafter in a Matter so material to the Preservation and good Order of the said Barracks, the Barrack-Master General is hereby directed to have the Use, for which each Room is intended, lettered on the Door; and if any Officer shall attempt to make any Alteration in any Room,

Room, or convert it to any Purpose, other than is so specified, or remove any of the Furniture belonging thereto, the Barrack-Master (who shall always be permitted to visit the Rooms at seasonable Hours, whenever he desires so to do,) shall represent the same to the Commanding Officer, and, in case immediate Attention is not paid thereto, the Barrack-Master is hereby commanded immediately to report it to the Barrack Master General. And when any Room shall not be occupied, the same shall be locked up, and no Part of the Furniture be removed therefrom.

7. Officers commanding in Barracks shall not, upon any Pretence whatsoever, permit or suffer any Women or Children to inhabit or lie within any of the said Barracks, without previous Notice being given by them, in Writing, to the Barrack-Master General; who, after such Notice, may, if he sees fit, and when it  
in

in no Shape interferes with or streightens the Accommodation of the Men, permit (as an occasional Indulgence, and as tending to promote Cleanliness and the Convenience of the Soldier) one or more married Women to be resident within the Barracks ; but no one Article shall, on this Account, be furnished by the Barrack-Masters, without the express permission of the Barrack-Master General. And if the Barrack-Masters perceive that any Mischief, or Damage, arises from such Indulgence, the Commanding Officers shall, on their Representation, displace such Women. Nor shall they suffer Dogs to be kept in the Rooms of any Barrack. They shall also take Care, on the Removal of the Troops, that the Rooms, Stair-cases, Galleries, and other Parts, be left properly swept, and clean, and delivered in that State to the Relieving Officer, or Barrack-Master.

8. Where Kitchens are provided for the Soldiers, they shall not be allowed to dress their Provisions in any other Places.

9. No Officer, or Barrack-Master, shall, upon any Account, make any Alteration or Repairs at any Barrack, or cause any Expence to be incurred in providing any Article relative thereto, without the Direction of the Barrack-Master General first obtained for that Purpose.

10. Officers commanding in Barracks shall not suffer any Ashes, Horse-Dung, or Litter, to be put in any other places than those allotted for the Purpose.
